

Blue Cruises in Turkey

The concept of blue cruises in Turkey has been developing in the last few years. Imagine that you're relaxing and pampered in amazing natural surroundings. While cruising on a luxurious yacht, you will leave all your everyday stress behind. This is how best to sum up a Blue Cruise experience.

Turkey has so much to offer;

- It has a beautiful coastline where the clean turquoise Aegean and Mediterranean seas meet
- Breathtaking coasts are the center of the Blue Voyage route.
- Weather is perfect with its long summer sunshine. But also, the light afternoon breezes also offer the opportunity to open the sails.
- The rugged unspoiled coastline also provides pretty sheltered coves giving sheltered overnight anchorages, with swimming and walking options.
- You will see and be able to explore historic ruins, smell the wild herbs and see traditional village life, some aspects of which remain unchanged over many years.

Throughout the day the scenery will change, as your chosen yacht or gulet will sail to new locations, where you will be wined and dined along the way. You can be as active as you wish, there will be opportunities to swim, snorkel, canoe, windsurf, jet ski, make excursions.... or simply relax on your sunbed with your book!

You will also have the chance to visit small resorts with pretty harbors, allowing opportunities for shopping and sightseeing. Whether you choose a luxurious Motor yacht or a traditional Turkish wooden gulet, you can be assured of comfortable cabins with en-suite facilities, spacious decks with dining facilities, plus a helpful knowledgeable crew to look after you...

All Gulet offers a whole range of blue cruises in Turkey, simply select the yacht and itinerary and we will take care of all of the arrangements.
