**Marmaris** is the perfect destination to start and finish a **Gulet Cruise Marmaris Turkey**. As well as being a lively resort, the city is surrounded by the most spectacular natural scenery, as you drop down the mountain entering Marmaris you cannot fail to be captivated by the panorama as it opens out in front of you. The resort is nestled in a large natural harbour, enclosed by steep pine clad mountains (*famous for honey production*) and beautiful clear blue sea. Home to several large yacht marinas and yachting services.

The historic old town with its castle sits above the main municipality **marina**. Stroll along the main marina and see all the gulets and **luxury yachts** moored. Enjoy a drink or meal in one of the many restaurants and bars that line the marina. The resort also hosts many large cruise ships throughout the year, amazing to see close up. The large covered bazaar is the 3rd largest in **Turkey**, offering amongst other things clothes, gold, carpets and souvenirs, a shoppers paradise!
